Introduction

Banco Comercial Português, S.A. (hereinafter "Company, Bank, BCP, Millennium bcp") prepared the present Corporate Governance Report relative to the financial year of 2017 in conformity with the Legal Framework for Credit Institutions and Financial Companies (RGICSF), the Securities Code (CVM), Regulation 4/2013 of CMVM (Portuguese stock market regulator), the Corporate Governance Code of the CMVM (Recommendations), and all other applicable Portuguese and European legal and regulatory standards.

The table below discloses the Bank’s understanding of its level of compliance with the Corporate Governance Code of the CMVM, which the Bank has decided to follow voluntarily, and includes an index referring to the contents of the Corporate Governance Report, substantiating the reasons for a judgement of compliance or not (principle of ‘comply or explain’) with these recommendations.

Part I – Information on Shareholder Structure, Organisation and Corporate Governance

A. SHAREHOLDER STRUCTURE

I. Capital Structure

1. The capital structure (share capital, number of shares, distribution of capital by shareholders, etc.), including an indication of shares that are not admitted to trading, different classes of shares, rights and duties of same and the capital percentage that each class represents (Article 245-A/1/a).

On the date this Report was made (March 2018) the share capital of the Bank amounted to 5,600,738,053.72 Euros, represented by 15,113,989,952 shares of a single category, nominative, book-entry, without nominal value, fully subscribed and paid up, all admitted to trading in a regulated market (Euronext Lisbon). These shares represent 100% of the share capital, confer identical rights and are fungible between them.

According to the information provided by Interbolsa, as at 31 December 2017, the number of shareholders of Banco Comercial Português totalled 166,960.

The Bank’s shareholder structure continues to be much dispersed after the share capital increase completed in February 2017, with four shareholders owning stakes above 2% of the share capital. Of these, only two have a stake above 5%. As a whole, the shareholders with qualifying stakes represented 43.4% of the share capital.

Shareholders with over 5 million shares represented more than 72% of the share capital after the share capital increase concluded in February 2017. In terms of geographic distribution, special note should be made of the weight of the shareholders in Portugal, which accounted for 37% of the total number of shareholders.

Pursuant to its articles of association, the Bank has the ability to issue shares with special rights, namely voting or non-voting preferential shares either redeemable with or without premium or not redeemable. Banco Comercial Português has never issued these types of shares.

2. Restrictions on the transfer of shares, such as clauses on consent for disposal, or limits on the ownership of shares (Article 245-A/1/b).

The shares representing the Bank’s share capital are freely transferable.

3. Number of own shares, the percentage of share capital that it represents and corresponding percentage of voting rights that corresponded to own shares (Article 245-A/1/a).

The treasury stock (BCP shares) held by entities included in the consolidation perimeter is within the limits established by the Law and Regulations.

As at 31 December 2017, Banco Comercial Português, S.A. held no treasury stock in its own portfolio, and there were no purchases or sales of own shares throughout the year. However, on that date the item “Treasury Stock” recorded 323,738 shares (31 December 2016: 2,689,098 shares) held by customers. Considering that for some of these customers, whose shares serve as collateral for loans granted by the Bank or by the Group, there is evidence of impairment, the Bank’s shares held by these customers were considered as treasury stock and, in accordance with the accounting policies, written off from equity.

Regarding treasury stock held by associate companies of the BCP Group, pursuant to the Note to the consolidated financial statements number 50, as at 31 December 2017, Millenniumbcp Ageas - Grupo Segurador, SGPS, S.A. held 142,601,002 BCP shares, amounting to Euros 38,531,000 and on 31 December 2016, it held 8,694,500 shares, amounting to Euros 9,312,000.

The shares held by the Bank due to credit recovery process are not considered treasury stock in portfolio, as the respective sale is made in the market and in the short term.

4. Important agreements to which the company is a party and that come into effect, amend or terminated in cases such as a change in the control of the company after a takeover bid, and the respective effects, except where due to their nature, the disclosure thereof would be seriously detrimental to the company; this exception does not apply where the company is specifically required to disclose said information pursuant to other legal requirements (Article 245-A/1/j).
Banco Comercial Português is not a party to significant agreements, namely agreements that are enforced, altered or terminated in the event of change of control, following a public takeover bid, or change of composition of the governing bodies.

Under its activity, the Bank has negotiated seven bilateral contracts with the European Investment Bank (EIB) and the European Investment Fund (EIF), of the overall amount of close to one thousand and three hundred million Euros, which include clauses that confer the counterparty, under certain verifiable circumstances and in line with what is usual in the type of operations in question, the right to trigger the early repayment of these values, in the event of a change to the Bank's shareholder control.

5. A system that is subject to the renewal or withdrawal of countermeasures, particularly those that provide for a restriction on the number of votes capable of being held or exercised by only one shareholder individually or together with other shareholders.

Article 26 of the Bank’s Articles of Association establishes that votes cast by a single shareholder and its related entities, under the terms of number 1 of article 20 of the Securities Code, representing more than 30% of the votes of the total share capital, shall not be counted.

This 30% limit to voting rights, enshrined in article 26 of the Bank’s Articles of Association, does not presently apply to any shareholder and requires the approval of more than 2/3 of the votes cast at a General Meeting of Shareholders to be altered.

The Bank's Articles of Association do not foresee the periodic review of the statutory rule that establishes the limitation of votes.

The rule for the limitation to voting rights, commonly referred to as “statutory ceiling on voting rights”, follows the best international and national corporate governance practices in terms of statutory restrictions for significant institutions with the size, internal organisation, scope and complexity of activities such as the ones pursued by the Company.

6. Shareholders’ agreements that the company is aware of and that may result in restrictions on the transfer of securities or voting rights (Article 245-A/1/g).

The Bank is not aware of the existence of any shareholders' agreement relative to the exercise of corporate rights or transferability of the Bank's shares.

On 18 November 2016, BCP and Fosun Industrial Holdings Limited signed a Memorandum of Understanding and Subscription Agreement relating to the investment of this company in the share capital of BCP, according to which the company Chiado (Luxembourg) S.à r.l. («Chiado»), an entity part of Group Fosun, agreed to invest in BCP through the private placement of 157,437,395 new shares and committed to keep the ownership of these shares for, at least, 3 years.

II. Shares and Bonds Held

7. Details of the natural or legal persons who, directly or indirectly, are holders of qualifying holdings (Article 245-A/1/c & d and Article 16) with details of the percentage of capital and votes attributed and the source and causes of the attribution.

Under the terms of the Securities Code, the qualifying stakes in the Company's share capital as at 31 December 2017, indicating the percentage of the share capital and imputable votes, and the source and reasons of imputation, are reflected in the following table:
8. Indication of the number of shares and bonds held by members of the governing bodies, directors and persons closely related to these categories

On this issue, see the information provided in the Annual Report 2017, in Note 50 to the Consolidated Financial Statements.

9. Special powers of the Board of Directors, especially as regards resolutions on the capital increase (Article 245-A/1/i) with an indication as to the allocation date, time period within which said powers may be carried out, the upper ceiling for the capital increase, the amount already issued pursuant to the allocation of powers and mode of implementing the powers assigned.

Under the terms of the Bank’s Articles of Association, the Board of Directors has powers to, when deemed convenient and after having obtained the favourable opinion of the Audit Committee, increase the share capital, once or more times, until the limit of the value of the existing share capital when the authorisation was granted or upon renewal of this authorisation.

The last renewal of this authorization was approved at the General Meeting of Shareholders held on 21 April 2016, when the Bank’s share capital amounted to 4,094,235,361.88 Euros, and the General Meeting resolved that 20% of that increase could be made through the placement, without shareholders preference rights, with qualified or institutional investors.

The Bank’s share capital was increased twice under this authorization.

The first time on 18 November 2016, amounting to 174,582,327.32 Euros, an increase reserved to Chiado (Luxembourg) S.à r.l. (Group Fosun), and the second time on 7 February 2017, amounting to 1,331,920,364.52 Euros, an increase with preference right for shareholders.

Following this last increase, on 9 February 2017, the Bank proceeded with the full and early repayment of the funds granted under the Bank’s recapitalisation process.

10. Significant business relations between holders of qualifying stakes and the company

Business conducted between the company and qualifying shareholders or natural or legal persons related to them, pursuant to article 20 of the Securities Code, regardless of the amount, is always subject to appraisal and deliberation by the Board of Directors, after a prior opinion has been obtained from the Audit Committee, through proposal submitted by the Executive Committee, supported by a proposal made by the Credit Commission and an analysis and opinion issued by the Internal Audit Division, in what regarded the legal and regulatory compliance of the proposal.

During 2017, the Audit Committee issued six opinions related to operations for granting and renewing credit lines and limits, and six opinions on other credit operations. All of these operations were conducted under normal market conditions.

During the year covered by this Report, regardless of the aforesaid operations, no other business or operations were conducted, namely the acquisition of supplies and services, between Banco Comercial Português and qualifying shareholders and entities related to them, which were economically significant and cumulatively carried outside market conditions, applicable to similar operations, or outside the scope of the current activity of the company, always in compliance with the provisions of article 397, (5) of the Companies Code. Also in this
case, the Internal Audit Division, the Executive Committee, Audit Committee and the Board of Directors verified compliance with the conditions mentioned above.

a) Composition of the Board of the General Meeting

11. Identification and position of the members of the board of the general meeting and respective term of office (beginning and end)

Under the terms of article 20, number 1 of the Bank's Articles of Association, the Board of the General Meeting is composed of a Chairperson, a Vice-Chairperson and the Company Secretary.

The General Meeting of Shareholders held on 10 May 2017 elected a new Chairman and Vice-Chairman of the Board of the General Meeting, who are both on their first term of office.

The Company Secretary was appointed by the Board of Directors on 11 May 2015, performing duties for the three-year period 2015/2017.

At their first meeting after being elected, the Board of Directors to be elected by the 2018 Annual General Meeting shall appoint a new Company Secretary.

The Board of the General Meeting is composed of:

Chairman: Pedro Miguel Duarte Rebelo de Sousa (Independent)
Vice-Chairman: Octávio Manuel de Castro Castelo Paulo (Independent)

Inherent to the position, the Board of the General Meeting is supported by secretarial services administered by the Company Secretary, Ana Isabel dos Santos de Pina Cabral.

b) Exercise of Voting Rights

12. Any restrictions on the right to vote, such as restrictions on voting rights subject to holding a number or percentage of shares, deadlines for exercising voting rights, or systems whereby the financial rights attaching to securities are separated from the holding of securities (Article 245-A/1/f)

Under the terms of the Bank's Articles of Association, each share corresponds to one vote. Natural or legal persons that own shares which confer to them at least one vote at zero hours of the fifth trading day prior to the date of the General Meeting may participate therein, directly or through a representative.

On these issues, see items 5 and 14.

Voting in writing, by mail or internet is permitted, provided that the vote is received by the penultimate day prior to the date of the General Meeting.

Shareholders who participate in the General Meeting directly or through representation may only exercise their voting rights at the General Meeting.

13. Details of the maximum percentage of voting rights that may be exercised by a single shareholder or by shareholders that are in any relationship as set out in Article 20/1.

On this issue, see item 5.

14. Details of shareholders' resolutions that, imposed by the articles of association, may only be taken with a qualified majority, in addition to those legally provided, and details of said majority

The Bank's Articles of Association require the presence or representation of over one third of the share capital for the General Meeting to be held at first call. The Articles of Association also require a qualified majority of three quarters of the votes cast for approval of decisions on merger, demerger, transformation and a qualified majority of three quarters of the fully paid up share capital for resolutions on the dissolution of the company. The amendment of articles which establish limitations to voting rights or determine majorities different from those stipulated in the law requires a qualified majority of two thirds of the votes cast.
The demand for a reinforced quorum is intended to defend minority shareholders and assure that no relevant matter is resolved on without the effective participation of a representative number of shareholders.

18. Distinction of the executive and non-executive members of the Board of Directors and, relating to the non-executive members, identification of the members who may be considered independent or, if applicable, identification of the independent members of the Supervisory Board

On 11 May 2015 and in accordance with articles 407 (3) and (4) of the Companies Code and article 35 of the Bank’s articles of association, the Board of Directors appointed, from amongst its members, an Executive Committee composed of seven of its members.

On 9 January 2017, the Board of Directors co-opted João Nuno de Oliveira Jorge Palma to become Vice-Chairman of the Executive Committee. This co-optation was ratified at the General Meeting held on 10 May 2017. After the co-optation, the Executive Committee consisted of eight members.

The Executive Committee performs all of the Bank’s day-to-day management duties that have not been reserved by the Board of Directors. On 31 December 2017, the Board of Directors was composed of nineteen members. According to CMVM Regulation 4/2013, Annex 1, nr. 18.1, a member of the Board of Directors who is not
associated with any specific interest group within the company, or under any circumstances capable of affecting their impartiality of analysing or decision making is considered to be independent.

All the non-executive directors have been, for that purpose, evaluated by the Committee for Nominations and Remunerations which, for that specific purpose, took under consideration, apart from the profile of each one of the directors, the following facts:

a. Being an employee of the company over the last three years or a company which is in a controlling or group relationship;

b. Having, in the last three years, provided services or established a significant business relationship with the company or company with which said company is in a control or group relationship, either directly or as a partner, board member, manager or director of the legal person;

c. Receiving remuneration paid by the company or by a company that is in a controlling or group relationship in addition to the remuneration derived from carrying out the tasks as a Board Member;

d. Living with a partner or a spouse, next of kin up to and including third degree, of board members or individuals directly or indirectly holding qualifying holdings;

e. Being a qualifying shareholder or representative of a qualifying shareholder;

f. Having been re-elected for more than two, consecutive or not, terms-of-office.

Excluding the executive directors, six members of the Board of Directors, out of eleven members, are independent. In other words, 54.54% of the non-executive directors are independent, and BCP considers that the proportion of independent directors, versus the total number of directors, is adequate, taking into account the endorsed governance model and the size of the company.

Having pondered on the contents of Recommendation II.I. 7. and the criteria of independence of mind mentioned in the Guide to fit and proper assessments of the members of management bodies of the ECB, as well as the Guidance from the European Securities and Markets Authority, namely EBA/GL/2017/12, of 26 September 2017 and applicable as of 30 June 2018, as well as the provisos of article 31 of the LFCIFC, the Committee for Nominations and Remunerations considered that the number of independent non-executive directors ensures their effective capacity to follow-up, supervise and evaluate in a critical, correct, impartial and appropriately objective manner the activity developed by the executive directors.

On this matter, see the table presented in item 26.

19. Professional qualifications and other relevant curricular details of each member of the, as applicable, of the Board of Directors, The Supervisory Board and of the Executive Board of Directors

The professional qualifications and other curricular details of each member of the Board of Directors are presented in Annex I to this Corporate Governance Report.

20. Customary and meaningful family, professional or business relationships of members of the Board of Directors, the General and Supervisory Board and the Executive Board, where applicable, with shareholders that are assigned qualifying holdings that are greater than 2% of the voting rights.

There are no habitual and significant family or business relations between the members of the Board of Directors and of the Executive Committee with shareholders imputed with qualifying stakes above 2% of the voting rights. As shown in the table presented in item 7 of this Report, the shareholders owning stakes above 2% are legal persons. Under these terms, and by nature, there are no family relations between the members of the Board of Directors and shareholders with a stake above 2%. Furthermore, there are also no family relations between the members of the Bank’s Board of Directors and Executive Committee and the members of the Boards of Directors of the shareholders with a stake above 2%.

The members of the Board of Directors who have professional/business relations with shareholders to whom, on 31 December 2017, a qualifying stake above 2% of the voting rights is imputable are listed in the following table:

21. Organisational charts or flowcharts concerning the allocation of powers between the various corporate boards, committees and/or departments within the company, including information on delegating powers, particularly as regards the delegation of the company’s daily management

Pursuant to the corporate governance model adopted by the Bank - the one-tier model - the structure includes a Board of Directors, under which there is an Audit Committee, composed solely of non-executive members and an Executive Committee to which the Board of Directors has delegated the Bank’s current management, pursuant to article 35 of the Articles of Association and article 6 of its Regulations.

The Board of Directors has appointed three other specialised committees, whose essential purpose is the permanent monitoring of certain specific or highly complex matters. The Company also has a Remuneration and Welfare Board and an International Strategic Board.

To advise on daily management, the Executive Committee has also appointed different commissions and sub-commissions that, besides two or more Executive Directors, are permanently composed of various first line Directors who report to them.

The diagram below represents the Bank’s Corporate Governance Model structure during 2017:
**Board of Directors**

The Board of Directors is the governing body of the Bank vested with the most ample powers of management and representation of the company.

- Significant increases or reductions in the company's organization whenever these produce an impact above 5% in consolidated assets;
- Resolve, under the terms of the law and of the articles of association, on the issue of shares and other securities that imply or may imply a share capital increase by the Bank, establishing the conditions and carrying out, with them, all the operations permitted by law, abiding by any limits set by the General Meeting;
- Appoint, after getting the prior favourable opinion from the Committee for Nominations and Remunerations, the Company Secretary and respective alternate, who must have the adequate expertise and profile to undertake such functions and to whom the Board of Directors must ensure technical autonomy and all the necessary means to carry out their functions;
- Appoint, after getting the prior favourable opinion from the Committee for Nominations and Remunerations, a Client Ombudsman, who must necessarily be an individual with a recognized ability, honesty and experience in banking, without employment ties to the Bank and to whom it must ensure all the necessary means to carry out his/her functions freely and independently;
- Appoint, pursuant to a proposal made by the Executive Committee and after getting the favourable opinions of the Audit Committee, and in the first case, also the Committee for Risk Assessment, the risk officer, the compliance officer, the head of audit division and the group treasurer, to whom it must ensure technical autonomy and all the necessary means to carry out their functions;
- Approve and periodically review the remuneration policy concerning employees which report directly to
the Administration, the ones responsible for the assumption of risks and for the control functions and the employees whose total remuneration places them in the same bracket of the three categories mentioned above provided that their respective professional activities have a material impact on the Bank’s risk profile.

- Approve the respective internal regulations, as well as the regulations of the Audit Committee, of the Executive Committee and of the other committees it decides to create;
- Approve, after obtaining a prior opinion from the Audit Committee, credit operations, regardless of their form, to: (i) members of the corporate bodies (ii) shareholders with stakes over 2% of the Bank's share capital, computed under the terms of art. 20 of the Securities Code, and to (iii) natural or legal persons related to either of them;
- Approve, after obtaining a prior opinion from the Audit Committee, the agreements established between the Bank and holders of stakes above 2% of the Bank's share capital or entities that are in a controlling or group relationship with them or members of the management and supervision body, directly or through third parties, provided that any one of the following conditions applies: (i) the object of the agreement is not encompassed in the Bank's business; (ii) the material engagement limit exceeds the total amount of €100,000/year per group of suppliers part of the same economic group or client group, for the same type of assets and services; (iii) no special advantage is given to the party to the agreement in question;
- Ratify any acts undertaken on its behalf by the Chairperson or by his/her alternate in case of emergency;

The delegation of powers by the Board of Directors does not exclude the competence of this corporate body to resolve on the same issues, nor does it waive, under legal and regulatory terms, namely the Delegated Regulation (EU) nr. 604/2014, the responsibility of other directors for possible losses caused by acts or omissions occurred during the exercise of duties received by delegation to the extent that the members of the management body are ultimately responsible for the institution, its strategy and activities.

The Regulations of the Board of Directors are available on the Bank’s website at:

compliance areas; situations detected that involve high risk; supervisory actions and relevant lawsuits; and constraints to the effective execution of the defined legal and regulatory functions, namely with respect to the allocated resources. The Audit Committee is, under the terms of the Bank’s Articles of Association, the body responsible for assessing the quality of the services rendered by the external auditor and respective partner Statutory Auditor, under the terms referred to in item 21 - Audit Committee and item 37. This assessment highlights the professionalism of the auditors, transparency, ethics, quality control and good performance. The Audit Committee permanently monitors the activity of the external auditor and respective partner statutory auditor, in particular appraising the conclusions of the audit of the financial statements, on an individual and consolidated basis, analysing the conclusions of the Desktop Review of the financial statements of the 1st and 3rd quarters and the Limited Review of the half-year interim financial statements, and holds meetings with them whenever necessary. The Audit Committee annually assesses the quality of the services provided by external auditors, as well as their
independence, objectivity and critical requirements demonstrated in the performance of their duties. The Bank officials who maintain relevant contact with the Auditors take part in this evaluation.

The Audit Committee supervises the independence of the Statutory Auditor and External Auditor and continuously assesses their performance throughout the financial year.

46. Details of services, other than auditing, carried out by the external auditor for the company and/or companies in a control relationship and an indication of the internal procedures for approving the recruitment of such services and a statement on the reasons for said recruitment

Apart from the Audit work, which includes legal review of accounts services and other reliability assurance services, the fees charged by the External Auditor include also the payment of the following services:

- Tax Advisory Services – tax advisory services to the Group in Portugal and abroad, in which the external auditor intervenes pursuant to a legal requirement;
- Services other than legal review of accounts, namely: (i) Reliability assurance services, (ii) Tax advisory services and (iii) Services other than legal review – provided within the scope of services other than legal review, which are permitted in accordance with the defined rules of independence and subject to monitoring by the Audit Committee.
- With regard to the approval of the engagement of these services and indication of the reasons for their engagement, Millennium bcp maintains a very strict policy of independence in order to prevent any conflicts of interest in the use of the services of its external auditors. As auditor of the BCP Group Deloitte & Associados, SROC, S.A. (hereinafter referred to as “External Auditors”) complies with the rules on independence defined by the Group, including those established by Regulation (EU) No 537/2014 of the European Parliament and of the Council of 16 April 2014, by Law 148/2015 of 9 September and by Law 140/2015, of 7 September (Statute of the OROC).

In order to safeguard the independence of the External Auditors, and the national and international good practices and standards, the Bank’s Audit Committee approved a series of regulatory principles, as described below:

- The External Auditor and the companies or legal persons belonging to it (“Network”) cannot render to the Bank or to the Group the services considered forbidden under the terms of the Statute of the OROC. Although it is generally considered that the independence of External Auditor could be affected by the provision to the Group of services unrelated to legal review or audit, the Audit Committee identified a set of services that may be undertaken by the External Auditor without jeopardising its independence. These services are authorised by the Group’s Compliance Office and subject to ratification, or approval depending on the amount of the fees, of the Audit Committee;
- The provision of any other services by External Auditor, which are not described in the aforementioned set of services that can be executed and are not prohibited, is subject to specific approval by the Audit Committee prior to the execution of the respective contract.

47. Details of the annual remuneration paid by the company and/or legal entities in a control or group relationship to the auditor and other natural or legal persons pertaining to the same network and the percentage breakdown relating to the following services (For the purposes of this information, the network concept results from the European Commission Recommendation No. C (2002) 1873 of 16 May):

The amount of the annual remuneration paid in 2017 by the Company and/or legal persons in controlling or group relations, to the external auditor (Deloitte) and other natural or legal persons belonging to the same network, detailed with their respective percentages, is reflected in the following table:

C. INTERNAL ORGANISATION

I. Articles of Association

48. The rules governing amendment to the company’s articles of association

Article 24 of the Bank’s Articles of Association establishes the requirement of a constitutive quorum of over one third of the share capital for the General Meeting of Shareholders to be able to validly meet and resolve on first call.

Regarding the resolution quorum, the Articles of Association only diverge from the law with respect to resolutions on the merger, demerger and transformation of the Company, which require approval by three quarters of the votes cast, and dissolution of the Company where a majority corresponding to three quarters of the paid-up share capital is required.

The Bank and the shareholders that approved the articles of association in force consider that, since Banco Comercial Português is one of the companies with the largest free float in the Portuguese Stock Exchange, it is important to ensure that, in any circumstance and not only in the case specifically mentioned in the law, the shareholders, regardless of their respective representativeness, receive the guarantee that, on first call, the items submitted to the appraisal of the General Meeting can only be resolved on if the capital is minimally represented.

II. Communication of Irregularities

49. Reporting means and policy on the reporting of irregularities in the company

The Bank upholds a culture of responsibility and compliance, preventing conflicts of interest and recognising the importance of an appropriate framework and processing of the communication of irregularities, as an instrument of good corporate practice. For this purpose, suitable means have been implemented for receiving, treating and filing communications of irregularities allegedly committed by members of governing bodies and employees of the Bank and companies included in the BCP Group.

Irregularities are actions and omissions, with malicious intent or negligence, related to the management, accounting organisation and internal supervision of the Bank, which may seriously:

- Violate the legal, regulatory and internal provisions;
- Jeopardize the safeguarding of the financial system and the clients’ interests;
- Cause reputational damage to the Group.

The policy of communication of irregularities is regulated in an internal service order and is available at the Bank’s website, on the page with the following address:

In compliance with this policy, irregularities may be reported by employees, agents, commissionaires or any other person that renders services, either permanently or occasionally, to the Bank or to any entity of the Group, shareholders and by any other person.

The employees are bound by the duty to inform the Audit Committee of any irregularity that has occurred and that they are aware of. This is particularly the case for employees in managerial positions or who perform duties in internal audit, risk management or compliance areas.

The irregularities can be reported by any means of written communication, addressed to: Comissão de Auditoria – Av.ª Prof. Dr. Cavaco Silva (TagusPark), Edificio 1, 2744-002 Porto Salvo, or to the e-mail address: comunicar.irregularidade@millenniumbcp.pt.

The Audit Committee is responsible for managing the communication of irregularities system and for assuring the confidentiality of the communications, being supported by the Board of Director’s Support Office.

Once a communication is received, the Audit Committee will promote the measures that it deems necessary to assess the existence of sufficient grounds to begin an investigation and it may establish a prior contact with the author of the communication, if known. If there are sufficient grounds, the Audit Committee will develop all necessary investigations to become totally aware of all facts and it may request the support of the Audit Division, Risk Office, the Compliance Office or any other divisions or areas of the Bank.

Once the investigation is over, the Audit Committee shall make a report for the internal transmission of its conclusions so that the appropriate diligences may be adopted to correct the irregularity and sanction it, if need
The communications received, as well as the reports derived thereof are mandatorily kept for a minimum period of five years in a durable format enabling their full and unaltered reproduction, pursuant to the provisions in article 120 of the Legal Framework for Credit Institutions and Financial Companies (RGICSF).

The confidentiality of the communications will be ensured and they cannot be used as grounds for any disciplinary, civil or criminal proceedings, or the adoption of discriminating practices forbidden by law.

In 2017 the Audit Committee received two communications but none could be included within the scope of a participation of irregularity. Even so, these two communications were investigated and handled by the areas of the Bank with powers to do so in what regarded each communication.

III. Internal control and risk management

50. Individuals, boards or committees responsible for the internal audit and/or implementation of the internal control systems.

The internal control system of the BCP Group is based on an appropriate control environment, a Risk Framework System that identifies, assesses, monitors and controls the risks to which the Group is exposed, based on an efficient information and communication system, and on an effective monitoring process that permits assuring the adequacy and effectiveness of the internal control system. In this context, pursuant to the objectives defined in Banco de Portugal Notice 5/2008, Banco Comercial Português has established the risk management, compliance and internal audit functions, performed by the Risk Office, Compliance Office and Audit Division, respectively, endowing them with the technical and human resources that enable them to establish effective and efficient processes to identify, manage, control, monitor and communicate risks and mechanisms that are appropriate to the internal control, both in the Bank and in the Group.

Indeed, the heads of these Divisions are those responsible, at Group level, for the conformity of the functions of the internal control system, through which the objectives outlined in Banco de Portugal Notice 5/2008 are achieved, namely:

- Respect for all the applicable legal or regulatory provisions;
- Efficient performance of the activity; and
- The existence of complete, pertinent, reliable and timely financial and management information.

A) Risk Office

The main function of the Risk Office is to support the Board of Directors in the development and implementation of risk management and internal control processes, as described in greater detail in the chapter on Risk Management of the Annual Report 2017.

In the performance of its duties, the Risk Officer reports hierarchically to the Board of Directors and to the Executive Committee, also engaging, on a functional reporting basis, with the Committee for Risk Assessment, the Audit Committee and the Chairperson of the Board of Directors.

Risk Officer: Luís Miguel Manso Correia dos Santos

B) Compliance Office

The main mission of the Compliance Office is to strive for the adoption, by all the Group’s Institutions, of the internal and external rules governing their respective activity, in order to contribute to mitigate the risk of occurrence of penalties by these institutions.

While performing the duties entrusted to it by the law or other legal source or that have been attributed to it by the Bank’s statutory bodies, the Compliance Office makes decisions that are binding on its receivers, aiming to ensure that the different business areas comply with the applicable regulations.

When preparing opinions and related studies at the request of the Bank’s different areas and divisions, the Compliance Office identifies and assesses the various types of risks, including those in institutional processes or associated to products and services, prepares proposals for the correction of processes and risk mitigation, ensures the ongoing analysis of the general supervisory environment and, in general, provides specialised support on matters of control and compliance. The Compliance Office is also responsible for preparing and submitting a report to the management body, at least on an annual basis, identifying all cases of non-compliance observed and the recommendations issued to correct them.

The Compliance Office intervenes and actively participates in the Employee training policy, namely through compliance training actions administered to the entire Group, the maintenance of strong knowledge on
compliance issues, in particular preventing money laundering or terrorist financing (AML/CFT), preventing market abuse and the development of a culture of internal control within the Group.

The Group Head of Compliance performs his duties in an independent, continuous and effective manner, being responsible for, namely:

- Defining the appropriate compliance tools for the communication and information process, the regulatory monitoring process, the principles of definition of policies and guidelines, in proactive and preventive action and in risk assessment, namely in the control and monitoring of the materialisation of compliance risks, prevention of money laundering and combat of the financing of terrorism, and reputation risk in all the Group’s entities, aimed at the alignment of concepts, practices and objectives in these matters;
- Assuring the adoption of the policies, principles and procedures of the Compliance Office, by all the Group's international operations, with a local Compliance Officer being appointed for each operation;
- Establishing the profile of the Employees of the compliance areas of the parent company, its branches and subsidiaries;
- Coordinating, as a form of assuring legal compliance relative to money laundering and financing of terrorism, and the monitoring of the Group’s branches and subsidiaries, duties which have been entrusted to two working parties: the AML Commission and the Compliance Commission.

The compliance teams allocated to the branches and subsidiaries are composed in the same way as that of the parent company and the team leader, the local Compliance Officer, is appointed by the Board of Directors, after opinion issued by the Group’s Head of Compliance, to whom this Officer reports functionally.

The Group Head of Compliance reports, under the terms of the law, to the Executive Committee of the Board of Directors, through the Director responsible for this area and, functionally to the Audit Committee, according to the matters defined by the Audit Committee at any given time, forwarding reports of its activity, on a quarterly basis, which enable the follow-up of compliance with the action plans that are presented annually. The Group Head of Compliance may also, and whenever necessary, issue occasional reports on relevant issues in the context of the control and monitoring of risks concerning compliance, money laundering and financing of terrorism and reputation, of each entity or of the Group.

In the performance of his duties, the Compliance Officer engages with the Board of Directors, on which it depends, as well as with the Executive Committee, Audit Committee and Committee for Risk Assessment.

Under its functional reporting, the Compliance Office sends the Chairperson of the Board of Directors a quarterly Report on the main compliance risks at the Bank and Group level, disclosing, within the maximum period of two business days, any situation of detected high compliance risk and submitting, every semester, to the Board of Directors, a report with the activity undertaken.

Group Head of Compliance: Mário António Pinho Gaspar Neves

C) Audit Division

The Audit Division is responsible for the Internal Audit function of Banco Comercial Português. This Division carries out its mission by adopting principles of internal auditing which are internationally recognised and accepted, issuing recommendations based on the outcome of the assessments made, aimed at adding value to the organisation and improving the control and quality of the Bank's operations, contributing to the achievement of its strategic interests and ensuring that:

- The risks are duly identified and managed, and the implemented controls are correct and proportional to the risks;
- The system of assessment of the Bank’s capital is adequate in relation to its level of exposure to risk;
- The operations are recorded correctly and the operational, financial and managerial information is rigorous, reliable and provided in due time;
- The safeguarding and security of the interests and assets of the Bank and Group or which were entrusted to them are duly ensured;
- The Employees perform their duties in conformity with the internal policies, rules and procedures and with the legislation and other applicable regulations;
- The resources are economically acquired, efficiently used and adequately protected;
- Legal and regulatory matters of significant impact on the organisation are recognised, clearly understood and integrated in operative processes;
• The programmes, plans and objectives defined by the management are followed;
• The different governing bodies interact in an adequate and efficient manner;

The activity of the Audit Division contributes to the pursuit of the objectives defined in Banco de Portugal Notice 5/2008 for the internal control system of institutions covered by the Legal Framework for Credit Institutions and Financial Companies, ensuring the existence of:
• An adequate control environment;
• A solid risk management system;
• An efficient information and communication system; and
• An effective monitoring process.

The head of the Audit Division is appointed by the Board of Directors, reporting hierarchically to the Chairperson of the Executive Committee and functionally to the Audit Committee and to the Board of Directors, through its Chairperson, who is sent a quarterly report on the conclusions and recommendations of the reports issued during the period concerning situations of medium and high risk and a summary situation report on monitoring/assessment of the recommendations pending implementation. The Chairperson of the Board of Directors is also informed, within the maximum period of two business days, of any failure reputed to be of high risk.

The Audit Division submits, to the Board of Directors, a half-year report on its activity, informing on the main reports that have been produced.

Head: Rui Manuel Pereira Pedro.

51. Details, even including organisational structure, of hierarchical and/or functional dependency in relation to other boards or committees of the company

Currently the hierarchical and/or functional dependence of the Audit Division, Compliance Office and Risk Office in relation to other corporate bodies or committees is presented in the table below:

(2) All matters regarding professional conduct and ethical matters are reported by the Compliance Office to the Commission for Corporate Governance, Ethics and Professional Conduct.
52. Other functional areas responsible for risk control.

Alongside the control areas which constitute the risks management system - the Risk Office and the Compliance Office (as defined in Chapter III of Notice 5/2008 of Banco de Portugal) - and the area with duties of assessment of the adequacy and efficacy of the internal control system - the Audit Division (as per article 22 of Chapter V of that same Notice), there is an information and communication system which supports decision-making and control processes, both at an internal and external level, for which the Accounting and Consolidation Division and the Research, Planning and Assets and Liabilities Management Division are responsible, which ensures the existence of substantive, current, timely and reliable information, enabling an overall and encompassing view of the financial situation, development of activity, compliance with the defined strategy and objectives, identification of the institution's risk profile, and performance and prospects of evolution of the markets.

The financial information and management process is assisted by the accounting and management support systems which record, classify, associate and archive, in a timely, systematic, reliable, complete and consistent manner, all the operations carried out by the institution and its subsidiaries, in accordance with the determinations and policies issued by the Executive Committee.

Hence, the Risk Office, Compliance Office, Accounting and Consolidation Division, Research, Planning and Assets and Liabilities Management Division ensure the implementation of the procedures and means required to obtain all the relevant information for the information consolidation process at a Group level, both of accounting nature and relative to support to the management and risk monitoring and control, which should cover, namely:

- The definition of the contents and format of the information to be reported by the entities included in the consolidation perimeter, in accordance with the accounting policies and guidelines defined by the management body, as well as the dates when the reporting is required;
- The identification and control of intra-Group operations; and
- Assurance that the managerial information is consistent between the different entities, so that it is possible to measure and monitor the evolution and profitability of each business, verify compliance with the objectives that have been established, as well as evaluate and control the risks incurred by each entity, both in absolute and relative terms.

Regarding credit risk, the Credit Division also performs risk assessment and control duties pursuant to its main competences:

- Appraise and issue opinions or decisions on credit proposals submitted by the Bank’s business areas, as well as credit restructuring proposals submitted by the Bank’s recovery areas, pursuant to the competences defined in internal regulations;
- Monitor and follow-up of the loan portfolio of Customers managed in the commercial areas, anticipating possible situations of default and promoting restructuring solutions whenever necessary and applicable;
- Start up and/or participate in Bank-wide projects aimed at the improvement of credit and operating risk in the underlying internal processes/procedures, including opinions on products or services with credit risk;
- Follow-up and support to the implementation of probability models (default, cure and scoring) for retail and automatic processes of Customer classification, risk-taking, portfolio monitoring, collection and recovery, as well as retention of Customers in Portugal and, when requested, in the operations abroad.

The Rating Division participates in the control of risks associated to loans, where its primary responsibility is the attribution of risk levels to Companies which are Bank Customers, assuring that they are assessed on an ongoing basis in an adequate manner. In order to assure the sound pursuit of this responsibility, specialised competences in the assessment of particular segments were developed within the Rating Division, namely for the Large Corporate, Real Estate Development, Project Finance, State Business Sector and Funds segments. At the same time, the Rating Division systematically analyses the evolution of risk levels in order to assess the adequacy of the rating models used and identify matters for their fine-tuning.

In the context of the Internal Control System and, more specifically, of the Risk Management System, the Board of Directors acquires adequate knowledge of the types of risks to which the institution is exposed and of the processes used to identify, assess, monitor and control these risks, as well as the legal obligations and duties to which the institution is subject, being responsible for ensuring that the Bank has effective internal control systems and promotes the development and maintenance of an appropriate and effective risk management system.

Hence, the management body of Banco Comercial Português, namely through its Executive Committee (and respective specialised commissions), Audit Committee and Committee for Risk Assessment:

- Ensures that the risk management activities have sufficient independence, status and visibility and are subject to periodic reviews;
- Issues opinions on the reports prepared by the Risk Management and Compliance areas, namely, on the recommendations for the adoption of corrective measures;
- Ensures the effective implementation of its guidelines and recommendations so as to introduce corrections and/or improvements in the Risk Management System.

The management body is also responsible for ensuring the implementation and maintenance of information and reporting processes which are suitable to the institution’s activity and risks, for defining the accounting policies to be adopted, for establishing the guidelines and for defining the decisions which, in the context of such policies, must be taken, in order to ensure the reliability of the financial reporting. Therefore, and at a more operational level, it is responsible for approving the reporting or external disclosure outputs produced for this effect.

Regarding the Internal Control Report stipulated in Banco de Portugal’s Notice 5/2008, in CMVM’s Regulation 3/2008, and in article 245-A (1) (m) of the Securities Code, the responsibilities of the Audit Committee and of the Statutory Auditor are:

- On a consolidated basis: issue of an opinion by the Group’s parent company, substantiated by an autonomous report of an external auditor different from the financial auditor, contracted for the purpose on an annual basis, on the efficacy/adequacy of the Control System, which should include a reflection on the coherence of the internal control systems of the branches/subsidiaries, including those abroad and off-shore establishments, where this opinion may be based on the respective opinions prepared for the effect by the supervisory bodies of each branch/subsidiary, and issue of an opinion by the statutory auditor on the process of preparation and disclosure of consolidated financial information (Financial Reporting).

D. REMUNERATIONS

I. Competence for determination

66. Details of the powers for establishing the remuneration of corporate boards, members of the executive committee or chief executive and directors of the company

The Remuneration and Welfare Board (CRP), pursuant to subparagraphs a) and b) of article 14 of the Bank's Articles of Association and under the competence delegated, for the three-year period of 2015/2017, by the General Meeting, is the competent body to determine the remuneration of the governing bodies, including the members of the Executive Committee and the terms of the supplementary pensions due to retirement, old age or invalidity of executive directors.

The Remuneration and Welfare Board, together with the Committee for Nominations and Remunerations is also competent to submit, to the Bank’s General Meeting, a statement on the remuneration policy for the Bank’s governing bodies.

The Board of Directors, pursuant to article 7 (2.1.r) of its Regulations and as established in article 115-C (5) of the RGICSF, has exclusive competence to approve and review the Bank’s remuneration policies and practices. In this duty, it is assisted by the Committee for Nominations and Remunerations which formulates and issues informed and independent judgements on the remuneration policy and practices and on the incentives created for purposes of risk, capital and liquidity management.

Addressed to the Remuneration and Welfare Board (RWB) and the Committee for Nominations and Remunerations (CNR), KPMG conducted an independent and specific audit, carried out in accordance with the International Standard on Related Services and by Art. 8 (4) of the Commission Delegated Regulation (EU) No 153/2013 of 19 December 2012, on the remunerations that, during 2017, were paid to members of the different governing bodies and Coordinating Managers that report directly to the Board of Directors and to the Executive Committee.

In the Factual Conclusions Report issued pursuant to the validation of the remunerations established and received in 2017 by the holders of the Bank's corporate offices and Coordinating Managers, KPMG concluded that the data reported to the RWB, CNR and Audit Committee was accurate and compliant and suited to the resolutions of the corporate bodies with powers to do so.

II. Remuneration Committee/Remuneration and Welfare Board

67. Composition of the remuneration committee, including details of individuals or legal persons recruited to provide services to said committee and a statement on the independence of each member and advisor.

The Remuneration and Welfare Board is composed of three to five members, appointed at the General Meeting.

The Remuneration and Welfare Board was elected at the General Meeting held on 11 May 2015 to perform duties during the three-year period of 2015/2017, and has the following composition:

Chairman: José Gonçalo Ferreira Maury
Members: José Guilherme Xavier de Basto
José Luciano Vaz Marcos
All the members of the Remuneration and Welfare Board are independent from the executive and non-executive members of the management board and are likewise independent in relation to the company as confirmed by the respective curricula attached to the present report.

The Remuneration and Welfare Board, to develop its competences in line with best international practices on remuneration matters, the Remuneration and Welfare Board engaged Mercer Portugal Lda.(Marsh Mclennan), an independent company leading worldwide in the human resources area, for the provision of specialised technical advisory services, which identified a series of guideline principles for the definition of the remuneration policy for members of the governing bodies and material risk takers, in conformity with the guidelines disclosed by the national and international regulators, in particular the EBA-European Banking Authority.

At the time of the engagement of Mercer Portugal, Lda. promoted by the Remuneration and Welfare Board, it was resolved, together with the Committee for Nominations and Remunerations, to ask this company to draw up a proposal to respond to a number of current needs arising from the early repayment of the State aid for the strengthening of own funds, namely:

- Remuneration benchmark for the executive and non-executive members of the Board of Directors;
- Revision of the Regulations for the Application of the remuneration policy of members of management and supervision bodies;
- Update of the remuneration policy of the members of management and supervision bodies, senior staff or managers reporting directly to the Board of Directors;
- Revision of the Regulations for the Application of the Remuneration Policy and Welfare Regime of members of company’s management and supervision bodies;
- Estimation of the variable component of the remuneration within the scope of the Remuneration Policy of the executive members of the Board of Directors;
- Support to the evaluation process of the members of the management and supervision bodies.

As neither this consultant nor any of its senior staff have privileged relations with the Board of Directors or any of its members, it is deemed that its engagement for the provision of the service, with the broad scope referred to in the preceding paragraph, can in no manner affect the independence of this consultant in relation to the Bank or its Board of Directors.

**68. Knowledge and experience in remuneration policy issues by members of the Remuneration Committee**

The Chairman of the Remuneration and Welfare Board, José Gonçalo Ferreira Maury and the member Manuel Soares Pinto Barbosa, currently perform and have for various years performed duties in remuneration committees or equivalent bodies in other companies, which endows them with professional experience and suitable profiles concerning matters of remuneration policy, as confirmed in detail in their curricula, presented in Annex II.

**III. Structure of remunerations**

**69. Description of the remuneration policy of the Board of Directors and Supervisory Boards**

Pursuant to the Bank’s recapitalisation plan resorted to state aid - fully reimbursed on 9 February 2017 -, the remuneration of the members of the Board of Directors was conditioned until that date. The remuneration effectively paid in 2017 is detailed in item 77.

The Remuneration and Welfare Board, after hearing the Committee for Nominations and Remunerations, submitted to the General Meeting of 10 May 2017, with a binding character, the Remuneration Model of the Board of Directors, including the Executive Committee, which was approved by 99.85% of the votes cast, being the meeting attended by shareholders or their representatives holding 54.16% of the share capital. The most relevant aspects are transcribed below:

**1. “Composition of the Remuneration**

1.1 Non-Executive Members of the Board of Directors

Taking into account the provisos of article 9 of Notice 10/2011 of Banco de Portugal and article 15 (1) of BCP’s Articles of Association, the non-executive members of the Board of Directors of BCP earn a fixed remuneration paid 12 times per year.
1.2. Executive Directors

In accordance with article 15 of the Articles of Association of BCP, the amount of the remuneration of the directors shall be set for each director individually, taking into account, notably, the medium and long-term interests of the Bank and the aim of not encouraging excessive risk-taking.

The remuneration of the members of the Executive Committee consists of a fixed and of a variable component, in accordance with article 115-E of the Legal Framework for Credit Institutions and Financial Companies, article nr. 8 of the Notice 10/2011 of Banco de Portugal and with article 15 (1) of BCP’s Articles of Association, considering the limitations set forth by the domestic and EU legislation:

A. Annual Fixed Remuneration

The fixed remuneration intends to adequately remunerate the function performed considering factors such as its nature and complexity, the required competences and the sustainability of the group’s performance.

The fixed component of the remuneration of the executive members of the Board of Directors is:

Paid 14 times a year

b. Variable Remuneration

The variable remuneration is attributed based on different degrees of accomplishments of previously approved quantitative and qualitative goals which are associated to objective, simple, transparent and measurable indicators. For that purpose, shall be taken into consideration, indicators related with the creation of value for the shareholder, solvency and profitability, capital requirements, efficiency and liquidity.

The definition of these goals should bear in mind the achievement of a balance between the Group’s objectives and the individual ones.

The evaluation must be carried out according to an annual and pluri-annual framework ensuring that the evaluation process is based on the short and long-term performance and, whenever possible, while the term of office of the Executive Directors is underway.

The attribution of the variable remuneration is associated with the performance. Therefore, its value may vary from zero, if the degree of accomplishment of the goals is under the defined threshold, and a maximum that cannot exceed twice the fixed component of the remuneration. For that purpose, a maximum level of achievement is defined, from which the variable remuneration will not increase (cap).

The variable remuneration should be composed by a portion in cash and a portion in BCP shares or other securities of BCP, permitted by law.

At least half of the amount of the variable remuneration should be composed of the above mentioned securities. Notwithstanding, the Executive Director may choose to receive more than that or even the full amount of the variable remuneration in securities.

The payment of the variable remuneration will also observe the deferment rules and the reduction (malus) or reversion (claw-back) mechanisms provided by law (115-E.9 LFCIFC).

The variable remuneration, regardless of having already been paid and whether acquired rights have already been established, or not, is subject to reduction or reversion mechanisms whenever it is proven that the Executive Director participated in or was responsible for an action that resulted into significant losses for the Bank or ceased to comply with the adequacy and good repute criteria.

No guaranteed variable remuneration shall be granted, except when hiring a new Executive Director and only in the first year of activity and it will only be granted if the institution has a solid and strong capital base.

The variable remuneration, regardless of having already been paid and whether acquired rights have already been established, or not, is subject to reduction or reversion mechanisms whenever it is proven that the Executive Director participated in or was responsible for an action that resulted into significant losses for the Bank or ceased to comply with the adequacy and good repute criteria.

The variable component is subdivided into two components, one annual (Annual Variable Remuneration – AVR) and a long-term one (Long-Term Variable Remuneration – LTVR).

i. Annual Variable Remuneration (AVR)

The annual variable remuneration of each Executive Director may be paid in cash after the approval of the annual report to which it relates and/or in BCP shares or other BCP securities as permitted by law, all complying with the minimum thresholds and conditions set forth by law.
The payment of that remuneration is also conditioned to a set of conditions related with the Bank’s sustained performance.

ii. Long-Term Variable Remuneration (LTVR)

The long term variable remuneration of each Executive Director depends on the fulfilment of the Bank’s long-term economic and financial objectives.

The LTVR applies to the period of the term-of-office, beginning on 1 January 2018 and ending on 31 December 2020. The payment is made in BCP shares or other BCP securities, as permitted by law which are granted to the beneficiaries depending on the compliance with the above mentioned conditions and indicators.

2. Other Aspects

The existing benefits in terms of health insurance, credit card and mobile phones remain in effect, as applicable to all other employees of the Bank, being the Executive Committee responsible for authorizing them.

The limits to the value of company vehicles, an issue that does not fall under the competence of the Remuneration and Welfare Board, shall be determined by the Executive Committee, taking into account the practice followed by other credit institutions of an equivalent size.

The members of the Executive Committee do not receive additional compensation for their respective functions.

The directors must subscribe to a director bond in abidance by article 396 of the Companies Code. In addition, the Bank subscribes to a Directors & Officers insurance policy following market practices.

The members of the Executive Committee are not allowed to use risk hedging mechanisms or similar mechanisms, as provided in article 115-E (15) of the Legal Framework for Credit Institutions and Financial Companies.

Considering that the remuneration of the Members of the Executive Committee is intended to directly compensate the activities they carry out directly at the Bank or in related companies (namely companies in a control or group relation with BCP) or in corporate bodies to which they have been appointed by indication or in representation of the Bank, the net value of the remunerations received annually for such duties by each Member of the Executive Committee will be deducted from their respective Annual Fixed Remuneration. It is the obligation and responsibility of each Executive Member of the Board of Directors to inform the Bank of any additional compensation they may have received, for the purposes of complying with the procedure established above.”

Since the Bank’s Recapitalisation Plan is over, the Board of Directors will submit to the 2018 Annual General Meeting a proposal of “Regulations for the Application of the Remuneration Policy of Members of Management and Supervision Bodies”.

70. Information on how remuneration is structured so as to enable the aligning of the interests of the members of the board of directors with the company’s long-term interests and how it is based on the performance assessment and how it discourages excessive risk taking

As noted in the first paragraph of item 69, items 70 to 75 are not applicable to Banco Comercial Português in the period of time covered by this Report.

76. Key characteristics of the supplementary pensions or early retirement schemes for directors and state date when said schemes were approved at the general meeting, on an individual basis.

The arrangement for retirement due to old age or invalidity of members of the Executive Committee is defined in article 17 of the Articles of Association, transcribed below, and in the document approved at the General Meeting held on 21 April 2016.

“1. The directors shall benefit from the social security regime applicable in each case.

2. The directors are also entitled to a supplement to the retirement or disability pensions and the Bank may enter into insurance contracts in favour of such directors.

3. At the beginning of each term of office and by agreement with each director, the insurance policy may be replaced by contributions to a pension fund of defined contributions.

4. The amount of the contributions of the Bank, within the scope of the two previous paragraphs, shall be established on a yearly basis by the Remuneration and Welfare Board.

5. The Bank shall not bear any additional expenses with the retirement and disability pensions after the
termination of each director’s functions.

6. The right to the supplement shall only become effective if the beneficiary retires due to old age or disability, under the terms of the applicable social security regime.

7. At the time of the retirement, the beneficiary may choose to redeem the capital.

8. In case of death before retirement, the right to receive the accrued capital shall remain effective pursuant to the applicable provisions established by the contract or by law."

No additional benefit is foreseen for directors in the event of early retirement.

**IV. Disclosure of remunerations**

77. Details on the amount relating to the annual remuneration paid as a whole and individually to members of the company’s board of directors, including fixed and variable remuneration and as regards the latter, reference to the different components that gave rise to same
