

World Monuments Fund distinguishes Fundação Millennium bcp

The Portugal World Monuments Fund¹ attributed the Benefactor Member status to the Fundação Millennium bcp by support recovery projects. National Heritage spaces, such as the Belém Tower, the Cloisters of the Jeronimos Monastery and the gardens of the Queluz Palace, were instrumental in this distinction.

The decision, taken at the annual general meeting of the Portugal World Monuments Fund Association, distinguishing Honorary Members, Benefactor Members and Acceding Members.

¹World Monuments Fund, international non-profit organization dedicated to the preservation of historic architecture and cultural heritage around the world, based in New York, has representative offices in several countries, including Portugal.
