

## Paintings to “Acreditar”

Millennium bcp donated 30 paintings of its private painting collection, to the Social Solidarity Institution “Acreditar” (Coimbra’s house), that supports families and children with cancer.

The “Acreditar” emerged from a national mobilization of parents of children who have to use the assistance in the oncology pediatric services. This Institution helps children and their families to overcome the problems which arise since the moment that the disease is diagnosed and offers a house<sup>1</sup> that it is prepared to support and care.

<sup>1</sup>) The houses are nationally distributed with presence in the urban centers where pediatric oncology hospitals are.
