

Millennium bcp transparent in the communication with its stakeholders

“Sair da Casca” - a consulting company in sustainable development - assessed the degree of information disclosure, of the 25 largest companies in Portugal, to its stakeholders, within sustainability strategies and activities, and the results were published in a ranking: Engagement Rating Portugal (ERP) 2011.

According to the study, the Millennium bcp is one of more transparent Portuguese companies, with a overall result of 83.5 points in 100. In the social and economic dimensions Millennium bcp was ranked in 1st place.

The main conclusions of this study are published in the 2011 November edition of the magazine Exame.
