- 2 - The individualisation of the present contract is made in the Particular Conditions with, among others, identification of the parties and their respective domicile, the data of the Insured Person, the data of the Insurer's representative for purposes of incident claims, and the determination of the premium or formula of the corresponding calculation.

- 5 - The provisions established in the previous number are not applicable to advertising messages whose end of issue took place more than one year before the signing of the contract, or when the actual messages stipulate a validity period and the contract has been signed outside of that period.
- 6 - The text of Chapter III and Title II of Decree-Law 291/2007, of 21 August, is available on the website [www.ocidental.pt](http://www.ocidental.pt) in an easy form, free of charge and possible to print. - 4- Before signing the contract, the Insurer should clearly inform the potential Insurance Policyholder or Insured Person about the duty referred to in number 1, as well as the arrangement in the event of its breach, under penalty of incurring third party liability, under the general terms.

### **CLAUSE 7 – DELIBERATELY FRAUDULENT BREACH OF THE DUTY TO MAKE AN INITIAL RISK STATEMENT**

- 1- In the case of the deliberately fraudulent failure to comply with the provisions in number 1 of the previous clause, the contract shall be annulable by statement sent by the Insurer to the Insurance Policyholder.
- 2- If no incidences have occurred, the statement referred to in the previous number should be sent within the period of three months counted from the time that this breach is known.
- 3- The Insurer is not obliged to cover any accident that occurs before becoming aware of the intentional breach referred to in number 1 or during the period established in the previous number, and should follow the general arrangement for annulment.

  - b) terminate the contract, demonstrating that, under no circumstances whatsoever, will the Insurer conclude contracts covering risks related to the omitted or misrepresented fact.

2- The contract ceases its effectiveness 30 days after the sending of the notice of termination or 20 days after the Insurance Policyholder has received the proposed amendment, should the Insurance Policyholder neither respond nor reject this proposal.

3- In the case referred to in the previous number, the premium is returned *pro rata temporis* according to the coverage that has occurred.

4- If, before the termination or amendment of the contract, an incident occurs whose occurrence or consequences have been influenced by a fact relative to which there were negligent omissions or inaccuracies:

- a) the Insurer shall cover the incident in the proportion of the difference between the premium paid and premium that would have been payable if, when the contract was signed, the Insurer had known the omitted or misrepresented fact;
- b) the Insurer, demonstrating that in no case whatsoever would it have concluded the contract if it had known of the omitted or misrepresented fact, shall not cover the incident and is solely bound to return the premium.

#### **CLAUSE 9 – INCREASED RISK**

---

1- The Insurance Policyholder or Insured Person is duty bound, during the enforcement of the contract, to, within the period of 14 days counted as of becoming aware of the fact, inform the Insurer of all the circumstances that increase the risk, provided that, had the Insurer known about these circumstances at the time of signing the contract, this might have influenced the decision to enter into the contract or conditions of the contract.

2- Within 30 days of knowing about the increased risk, the Insurer may:

- a) present the Insurance Policyholder with a proposal to modify the contract, which the latter should accept or refuse during an equal period of time, after which it is understood that the proposed modification has been approved;

#### **CLAUSE 10 – INCIDENT AND INCREASED RISK**

---

1- If, before the termination or amendment of the contract under the terms established in the previous clause, an incident occurs whose occurrence or consequences have been influenced by the increased risk, the Insurer:

- b) shall partially cover the risk, reducing its payment in the proportion between the premium effectively charged and the premium that would have been payable according to the real circumstances of the risk, if the increased risk had been correctly communicated in due time before the incident;
- c) may refuse the coverage in the case of deliberate fraud by the Insurance Policyholder or Insured Person for the purpose of obtaining an advantage, maintaining right to the overdue premiums.

2- In the situation established in subparagraphs a) and b) of the previous number, when the increased risk is caused by the Insurance Policyholder or Insured Person, the Insurer is not duty bound to make the payment, if it can demonstrate that under no circumstances whatsoever, will the Insurer conclude contracts with the features arising from this increased risk.

## **CHAPTER III** **PAYMENT AND ALTERATION OF THE PREMIUMS**

### CLAUSE 11 – PREMIUM DUE DATE

---

- 1- Unless agreed otherwise, the initial premium or its first instalment falls due on the date of the signing of the contract.
- 2- The following instalments of the initial premium, the subsequent annuity premiums and the successive instalments of it are payable on the dates established in the contract.
- 3- The variable amount of the premium relative to value adjustment and, when applicable, any part of the premium corresponding to contract amendments are payable on the dates indicated in the respective notices.

### CLAUSE 12 – COVERAGE

### CLAUSE 13 – PREMIUM PAYMENT NOTICE

---

- 1- During the enforcement of the contract, the Insurer must notify the Policyholder or Insured Person in writing of the amount payable, as well as the form and place of payment, at least 30 days in advance of the date when the premium or its instalments fall due.
- 2- The notice must present, in a legible manner, the consequences of non-payment of the premium or its instalment.
- 3- For insurance contracts where it is agreed that premium should be paid in instalments every three months or less and whose contractual documentation indicates the due dates of the successive instalments of the premium and the corresponding amounts payable, as well as the consequences of their non-payment, the Insurer can decide not to send the notice referred to in number 1. In this case, the Insurer is responsible for proving the issue, acceptance and sending to the Insurance Policyholder of contractual documental referred to in this number.

### CLAUSE 14 – PREMIUM PAYMENT NOTICE

---

- 1- Non-payment of the initial premium or its first instalment, on the due date, determines the automatic cancellation of the contract as of the date of its conclusion.
- 2- Failure to pay the premium of subsequent annuities or its first instalment, on the due date, will prevent the extension of the contract.
- 3- Non-payment determines the automatic cancellation of the contract on the due date of:
  - a) an instalment of the premium in the course of an annuity;
  - b) an adjustment premium or part of a premium of a variable amount;
  - c) an additional premium arising from an amendment to the contract based on a supervening increase of risk.
- 4- Non-payment, by the due date, of an additional premium arising from a contractual amendment shall make the amendment void, with the contract remaining with the scope and under the conditions that were enforced before the intended amendment, unless the contract proves impossible to remain in effect, in which case it shall be deemed to have been cancelled on the unpaid premium due date.

### CLAUSE 15 – ALTERATION OF THE PREMIUM

---

- 1- If there is no alteration to the risk, any alteration to the premium applicable to the contract will only take effect on the following annual due date.
- 2- The alteration of the premium by application of a no claims bonus or due to increased claims, regulated in Chapter VIII, is applied on the maturity date following the confirmation of the fact.

## **CHAPTER IV**

### **TAKING OF EFFECT, DURATION AND VICISSITUDES OF THE CONTRACT**

#### **CLAUSE 16 – START OF COVERAGE AND EFFECTIVENESS**

---

- 1- The date and time of the start of coverage of the risks are indicated in the contract, and the day in the document confirming the insurance, pursuant to the provisions in Clause 12.
- 2- The provisions established in the previous number are equally applicable to the initial taking of effect of the contract, if different from the start of coverage of the risk.

#### **CLAUSE 17 – DURATION**

---

- 1- The duration of the contract is indicated herein and in the document confirming the insurance, and may be for a fixed and determined period (temporary insurance) or for a year extendable for new periods of one year.
- 2- The contract ceases effect at 24 hours of the last day of its term.
- 3- The extension established in number shall not take effect if either of the parties issue notice of termination of the contract at least 30 days before the extension date, or if the Insurance Policyholder does not ensure payment of the premium.

#### **CLAUSE 18 – CANCELLATION OF THE CONTRACT**

---

- 1- The contract is cancellable by the parties at any time, when there is fair cause, by registered mail.
- 2- The Insurer cannot invoke the occurrence of an incident as a relevant cause for the effect established in the previous number.
- 3- The premium value to be returned to the Insurance Policyholder in the case of early termination of the contract is calculated in proportion to the period of time that would have elapsed from the coverage end date up to the contract expiry date, unless agreed otherwise under the legal terms.
- 4- When the contract is cancelled, the Insurance Policyholder must return the certificate and stamp confirming the existence of the insurance to the Insurer, if their expiry date is after that of the cancellation, within eight days counted from the time that the cancellation takes effect.
- 5- The return of the documents established in the previous number operates as a suspensive condition of the refund of the premium, except when a reasonable motive prevents its return.
- 6- The cancellation of the contract takes effect at 24 hours on the day on which it takes effect.
- 7- Whenever the Insurance Policyholder does not coincide with the Person Insured, the Insurer should notify the Insured Person of the contract cancellation as soon as possible, at the most up to 20 days after its non-renewal or cancellation.
- 8- The cancellation takes effect 14 days after its communication date.

#### **CLAUSE 19 – DISPOSAL OF THE VEHICLE**

---

- 1 - The insurance contract is not transferred in the case of disposal of the vehicle, terminating its effectiveness at 24 hours of the actual day of disposal, unless it is used by the actual Insurance Policyholder to insure a new vehicle.

2- The Insurance Policyholder shall notify the Insurer, in writing, of the disposal of the vehicle, in the following 24 hours and should attach the provisional insurance certificate, the third party liability certificate or the notice-receipt and the international insurance certificate (“green card”).

3- In the case of breach of the duty of prior notice established in the previous number, the Insurer is entitled to receive an indemnity of the same value as the premium corresponding to the period of time elapsed between the time of disposal of the vehicle and the end of the insurance annuity in which this occurs, without prejudice to the effectiveness of the contract having ended, under the terms of the provisions in number 1.

4- The parties may limit the penalty established in the previous number according to the effective time of duration of the breach foreseen therein.

5- In the communication of the disposal of the vehicle to the Insurer, the Insurance Policyholder may request the suspension of the effectiveness of the contract, up to the replacement of the vehicle, with extension of the policy expiry date.

6- If the vehicle is not replaced within 120 days counted from the date of the request of suspension, there shall be no entitlement to extension of the period, and, therefore, the contract shall be deemed to be cancelled from the suspension starting date, with the premium to be refunded by the Insurer being calculated pursuant to number 3 of the previous clause.

#### CLAUSE 20 – TRANSFER OF RIGHTS

Unless agreed otherwise, the death of the Insurance Policyholder shall not imply the expiry of the contract, with his/her heirs succeeding in the respective rights and duties under the terms of the law.

### **CHAPTER V PROOF OF THE INSURANCE**

#### CLAUSE 21 – PROOF OF THE INSURANCE

1- Documents confirming evidence of the present insurance contract consist of:

- a) relative to vehicles usually parked in Portugal, the international insurance certificate (“green card”), the provisional certificate, the notice-receipt or the third party liability certificate, when valid;
- b) relative to vehicles usually parked outside the territory of the European Economic Area, the documents established in the previous subparagraph as well as the frontier insurance certificate, when valid.

2- When involving a contract whose premium is paid in instalments smaller than every four months and relative to which the Insurer has chosen the arrangement of automatic issue of provisional certificates, the Insurance Policyholder has the right to request the issue of the international insurance certificate, which shall be issued in five business days without extra charges.

#### CLAUSE 22 – INTERVENTION OF THE INSURANCE INTERMEDIARY

1- No insurance intermediary is presumed authorised to, on behalf of the Insurer, conclude or extinguish insurance contracts, contract or alter the obligations arising therein or validate additional statements, except as established in the following numbers.

2- The insurance intermediary that has been sufficiently empowered to this end by the Insurer can conclude insurance contracts, contract or alter the obligations arising therein or validate additional statements, on behalf of the Insurer.

3- Notwithstanding the insurance intermediary's lack of specific powers for the purpose, the insurance is considered effective when there are well substantiated reasons, objectively appraised, taking into account the circumstances of the case, which justify the Insurance Policyholder's trust and confidence in good faith of the intermediary's legitimacy, provided that the Insurer has also contributed to provide grounds for the Insurance Policyholder's trust and confidence.

## **CHAPTER VI MAIN PAYMENT OF THE INSURER**

### **CLAUSE 23 – LIMITS OF THE PAYMENT**

---

**1- The Insurer's liability is always limited to the maximum amount established in the Particular Conditions of the Policy, regardless of the number of persons injured by an incident, and corresponds, at any time, at least to the compulsory minimum sum insured.**

**2- Unless agreed otherwise, the Particular Conditions establish that:**

- a) when the indemnity attributed to the injured parties is equal to or greater than the sum insured capital, the Insurer shall not be accountable for the legal costs;**
- b) when the indemnity attributed to the injured parties is less than the sum insured, the Insurer shall be accountable for these same expenses up to the limit of the sum insured.**

### **CLAUSE 24 – DEDUCTIBLE**

---

**1- By explicit agreement, the Insurance Policyholder or Insured Person may be liable for part of the indemnity payable to third parties, although this limitation of the guarantee cannot be invoked against them.**

**2- The Insurer is liable, in the case of indemnity claims of third parties, for the full indemnity payable, without prejudice to the right to be reimbursed by the person duty bound under the terms of the provisions in number 1 of the value of the deductible applied.**

### **CLAUSE 25 – PLURALITY OF INSURANCE**

---

In the case that, relative to the same vehicle, there are various insurance policies, the sports competition insurance shall be accountable in the first place, for all legal purposes, or, in the case of its nonexistence, the garage owner insurance, or in the case of the absence of both of these, the vehicle driver insurance, or in the case of nonexistence of these three, the residual contract, concluded under the terms of number 2 of article 6 of Decree-Law 291/2007, of 21 August, or, in the case of nonexistence of these four, the insurance of the vehicle owner's, or of the other persons legally requiring insurance.

### **CLAUSE 26 – INSUFFICIENCY OF THE SUM INSURED**

---

**1- In the case of the coexistence of various persons injured by the same incident with right to indemnities that, as a whole, exceed the total amount of the sum insured, the rights of the injured persons against the Insurer shall be reduced proportionally up to concurrence with this amount.**

**2- When the Insurer, in good faith and due to not knowing the existence of other claims, has paid an indemnity to an injured person of a value greater than that to which he/she was entitled under the terms of the previous number, the Insurer shall only be liable to the other injured persons up to concurrence with the remaining part of the sum insured.**

## **CHAPTER VII OBLIGATIONS AND RIGHTS OF THE PARTIES**

### **CLAUSE 27 – OBLIGATIONS OF THE INSURANCE POLICYHOLDER AND INSURED PERSON**

---

**1- In the case of an incident covered by the present contract, the Insurance Policyholder and Insured Person, under penalty of being accountable for losses and damage, undertake to:**

- a) communicate this fact in writing to the Insurer, within the briefest time possible, never more than 8 days counted from the day of the occurrence or the day when it became known to them, providing all the indications and documental proof and/or relevant witnesses for a correct determination of the liabilities;**
- b) take all measures within their reach to prevent or limit the consequences of the claim;**

c) provide the Insurer with the relevant information requested by it relative to the incident and its consequences;

2- The reporting of the incident, established in subparagraph a) of the previous number, should be made via a specific form provided by the Insurer or available on its website, or by any other means of communication that may be used without the physical and simultaneous presence of the parties, provided that a written or recorded record of it remains.

3- The liability for losses and damage established in number 1 is not applicable when the Insurer was aware of the incident by another means during the eight days stipulated in subparagraph a), or the person responsible for reporting the incident proves that the communication could not have been reasonably made at a time before it was actually done.

4 - The Insurance Policyholder or Insured Person cannot, under penalty of being accountable for losses and damage:
