Announcement

Following recent media reports that Banco Comercial Português is preparing a rights issue, the Executive Board of Directors informs that as part of the review of the Millennium 2010 strategic program that is currently underway, various different scenarios have been considered for supporting the future activity of the Bank, including scenarios involving the reinforcement of capital.

In these as in other matters, as stressed in the Bank's statements of February 1 and January 18 of this year, no decision has been taken.
